This seminar provides a *proactive* approach to avoiding potentially dangerous situations. Attendees will learn how to develop the proper mindset to take responsibility for their own security, as well as that of others.

Instruction will be delivered in an interactive fashion, involving attendees in scenario-based situations. Scenarios will include situations in public places, in and around the home, places of business and houses of worship.

Topics Discussed:

- Awareness levels
- Decision-making
- Pro-active planning
- Mindset
- Psychological & Physiological effects
